

# MORNSUN®

## 35-100W MULTIPLE OUTPUTS

### Enclosed Switching Power Supply

LMxx-10A/C/D Series

#### Features

- LED indicator for power on
- 3000VAC isolation voltage
- Withstand 300VAC surge input for 5s
- CE/UL approval (35/75W)

#### Charging station

Typical application: DC charging station

#### Internet of Things

Typical application: Intelligent cabinet

#### Industrial

Typical application: Frequency converter, RTU, PLC, DCS

#### Fire & Security

Typical application: fire fighting system, video surveillance, alarm device

#### Intelligent building

Typical application: Access control system, lighting control system

#### Railway

Typical application: Trackside device, on-board device, station device

Series	Power (W)	Vin (VAC)	NO.of outputs
LMxx-10A	50	85-264	2
LMxx-10C	35-100	85(90)-264	3
LMxx-10D	35-100	85(90)-264	2
