

SAMTEC WORLD DIRECT

Samtec, Inc., the service leader in the electronic interconnect industry, offers World Direct, an innovative program that allows even faster delivery of Samtec interconnects, without increased shipping costs.

SUDDEN SERVICE®

Award-winning Service & Support

Ranked #1 in The Bishop Report for 15+ years
Quick-turn samples, prototypes, information & support
Lead times are typically days, not weeks
Unmatched technical expertise and support

WORLD DIRECT PROGRAM

Taking Sudden Service® a Step Further

Bridges the gap between manufacturing facility & customer
Manufactured products ship directly to the customer
Bypasses consolidation & processing at local facilities
Already short lead times often reduced by nearly 50%

WORLD DIRECT SHIPPING RATES

Economical & Hassle-free Shipping*

Freight charges calculated as percentage of the order line value**
Low line item maximum assists in lowering freight costs
No additional charges incurred with multiple shipments
Allows manufacturing flexibility without increased costs / lead times
Contact your Samtec Account Manager for more information

GLOBAL MANUFACTURING

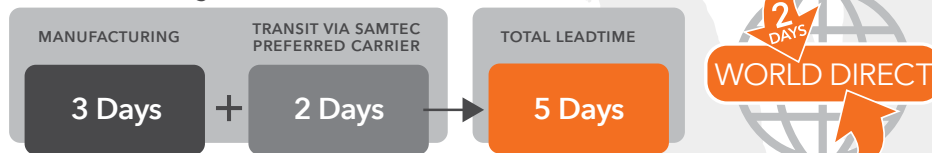

One World, One Company, One Source

Manufacturing facilities in China, Malaysia, Costa Rica & United States
Redundant manufacturing capabilities, optimized labor costs & deliveries
Ability to quickly achieve additional capacity to support market demands
Proprietary Global Information Network system developed in-house
24-hour, real-time responsiveness anytime, anywhere in the world

Standard Program

World Direct Program

* In order to take advantage of World Direct deliveries and rates, orders must be "prepay and add," and must ship via Samtec's preferred carrier.

** Percentage is dependent upon the shipping location and Samtec product series ordered.
